

# TRANSITION ASSOCIATE DEGREE NURSING PROGRAM

Revised Summer 2009

Nursing is a service to individuals, to families and to the community of man. The individual nurse has scientifically based competencies and skills to assist people, sick or well, to cope with their health needs. Nursing is practiced in conjunction with other disciplines of the health care team.

The Galveston College Transition Associate Degree Nursing program is offered by Galveston College in Galveston, Texas. Licensed Vocational Nurses or Licensed Emergency Medical Technician-Paramedics who meet the College and Nursing Program Admissions criteria are eligible to enter the third semester (summer session) of the nursing program via the Role Transition Course. The 72 credit hour curriculum leads to an Associate of Applied Science Degree and is accredited by the National League for Nursing Accrediting Commission and the Texas Board of Nursing.

## **Admission to the Transition Associate Degree Nursing Program**

Acceptance to the Associate Degree Nursing program is through a competitive selection process based on a point system. Students will earn points based on prerequisites, science courses, Grade Point Average (GPA), and general recommended education courses completed. Potential applicants are expected to be familiar with the process for application, program requirements and meet the required deadlines.

## **General Admission Criteria for the Galveston College Transition Associate Degree Nursing Program**

Applicants to the Transition Associate Degree Nursing program must:

- Show proof of current licensure as an LVN/LPN
- Have one year of current work experience as an LVN/LPN defined as:
  - Working at least one-half time during the last calendar year
  - Full-Time student pursuing general education requirements for the nursing program while working part-time.
- Show proof of Texas certification or licensure.
- Meet with Nursing Faculty to obtain updated information about the program requirements, the application process and to develop a degree plan.
- Prior to submission of the application into the nursing program, prospective applicants must have a criminal background check or Declaratory Order.
- In cases of criminal history other than a traffic fine, and prior to submitting the application for admission into the nursing program, the prospective applicant must receive approval from the Texas Board of Nursing to sit for the licensing exam (NCLEX). To obtain approval to sit for the licensing exam an applicant must apply to the Texas Board of Nursing for a Declaratory Order. The Declaratory Order must be obtained prior to submitting an application for admission into the Galveston College nursing program.
- Show evidence of completed immunizations prior to admission into the Transition ADN program. (including Hepatitis B)
- Completed requirements for admission into Galveston College

- Have all official transcripts from high school or proof of G.E.D and all colleges attended sent to the Galveston College Admissions Office.
- Have satisfied Texas Success Initiative (TSI).
- After all prerequisites have been completed, obtain a Galveston College Transition Associate Degree Nursing program application from the Nursing Department.

**Specific Admission Criteria for application to the Galveston College Transition Associate Degree Nursing Program**

To be considered for admission to the Transition Associate Degree Nursing program, the student must:

- Have a cumulative GPA of 2.5 on all courses taken at Galveston College and all other colleges during the past ten years
- Have a GPA of 2.5 on all prerequisite courses
- Be in good standing at Galveston College. Please refer to the Galveston College catalog for information pertaining to Academic Probation and Suspension.
- Complete all prerequisites before December 31 of application year

**NOTE:**

1. All math and science classes (Anatomy and Physiology I & II, Microbiology, Chemistry and Math 0303 or higher) must have been completed no more than five (5) years prior to acceptance in the program.
2. No grades below "C" will be accepted for transfer credit.
3. RNSG courses must be within two semesters of starting the program.

**Prerequisite Courses**

The following college level courses are prerequisites and must be completed prior to entering the nursing program:

<u>Course</u>	<u>Credit Hours</u>
BIOL 2401 – Anatomy and Physiology I	4
BIOL 2402 – Anatomy and Physiology II	4
BIOL 2421 – Microbiology for Science Majors	4
CHEM 1405 – Introductory Chemistry I	4
ENGL 1301 – Composition I	3
HUMA X3XX – Core Curriculum Humanities	3
HPRS 1206 – Essentials of Medical Terminology	2
PSYC 2301 – General Psychology	3
RNSG 1215 – Health Assessment	2
MATH 0303 - Introductory Algebra (or higher)	**

\*\*Math 0303 can be satisfied by THEA/Compass test or course completion. Math 0303 is not a college level course and does not carry credit hours toward degree. Mathematics satisfaction is according to Galveston College requirements.

### **Criminal Background Checks/Fingerprinting**

Effective September 1, 2003, Section 301.2511(c) of the Texas Occupations Code provides that the Texas Board of Nursing may, for the purpose of evaluating a person's eligibility for licensure, require from any person enrolled in or planning to enroll in an educational program that prepares a person for an initial license as a registered nurse to submit, along with a fee required by the Board, a complete and legible set of fingerprints on a form prescribed by the Board for the purpose of obtaining a criminal history from the Texas Department of Public Safety and the Federal Bureau of Investigations.

### **State Board Requirements**

Students are required to answer certain questions on the Texas Board of Nursing application for Registration by Examination to become licensed as a Registered Nurse. These questions are in regard to criminal convictions, mental illness or chemical dependency, or prior disciplinary action by a licensing authority for nurses. Copies of these questions are available from the Nursing Department. Any student who answers "yes" to any of the questions must receive A Declaratory Order (a decision from the Board of Nursing regarding an applicant's eligibility to take the licensing exam) prior to submitting an application to the nursing program. You may also visit the Texas Board of Nursing website at [www.bon.state.tx.us](http://www.bon.state.tx.us).

### **Application Deadlines:**

**LVN/EMT-P Transition to ADN Program – Classes begin once each year in summer. Deadline for submission of an application for the program is January 15 of each year.**

The Admission and Progression Committee will review and rank all completed applications received by the January 15 deadline for the following summer semester. If January 15 falls on a weekend or holiday, the deadline will be the first working day following January 15. **Only those applications submitted by the January 15 deadline will be considered for admission.**

- Applicants who have all prerequisites completed by the end of the fall semester will be reviewed for acceptance in March. Acceptance letters will be mailed the week of March 15 of the application year.
- Applicants completing prerequisites by the end of the spring semester will be considered on a space available basis (See page 2: Prerequisites). Acceptance letters will be mailed by May 31.

**Applications must be submitted in person to:**

Director of Nursing  
R-266 Galveston College  
4015 Ave. Q

**Selection Process**

Applicants are selected for acceptance into the Transition nursing program using the following process:

- 1) Math Requirement
  - a. THEA Score:
    - 0-219 – Complete the Texas Success Initiative sequence (MATH 0300 and MATH 0303).
    - 220-249 – Complete MATH 0303.
    - 250 or Above – NO additional math required

**OR**

- b. Compass Score:
  - PA 0-43 – Complete the Texas Success Initiative sequence (MATH 0300 and MATH 0303).
  - PA 44-100, A 26-45 – Complete MATH 0303.
  - 46 or Above – NO additional math required

- 2) Point Determination
  - a. Prerequisite courses are added according to their point value and multiplied by the grade points
  - b. General education courses are added according to their point value and multiplied by the grade points. General education courses cannot be calculated until all prerequisites are satisfied.
  - c. The cumulative GPA has an assigned point value

**Point Distribution**

<b>Prerequisite courses</b>	<b>Points</b>
BIOL 2401 – Anatomy and Physiology I	5
BIOL 2402 – Anatomy and Physiology II	5
BIOL 2421 – Microbiology for Science Majors	5
CHEM 1405 – Introductory Chemistry I	5
ENGL 1301 – Composition I	1
HUMA X3XX- Core Curriculum Humanities	1
HPRS 1206 – Essentials of Medical Terminology	1
PSYC 2301 – General Psychology	1
RNSG 1215 – Health Assessment	1
MATH 0303 – Introductory Algebra (or higher)	0
<b>General Education/Recommended courses</b>	
RNSG 1301 – Pharmacology	3

HITT 1211 – Computers in Health Care 1  
 PSYC 2314 – Lifespan Growth & Development 1

**Sample Course Ranking**

- Prerequisite Courses

Course	Points	Grade	Total
BIOL 2401 – Anatomy & Physiology I	5 X	B (3) =	15
BIOL 2402 – Anatomy & Physiology II	5 X	A (4) =	20
BIOL 2421 – Microbiology for Science Majors	5 X	A (4) =	20
CHEM 1405 – Introductory Chemistry I	5 X	B (3) =	15
ENGL 1301 – Composition I	1 X	C (2) =	2
HUMA X3XX – Core Curriculum Humanities	1 X	A (4) =	4
HPRS 1206 – Essentials of Medical Terminology	1 X	A (4) =	4
PSYC 2301 – General Psychology	1 X	A (4) =	4
RNSG 1215 – Health Assessment	1 X	A (4) =	4
<b>TOTAL</b>			<b>88</b>

The student in this sample would receive a total of **88** application points for these prerequisite courses.

- Cumulative Grade Point Average  
 3.00-4.00 = 15  
 2.75-2.99 = 10  
 2.50-2.74 = 5

**NOTE:** Students who are not selected for admission and wish to reapply the following year automatically receive two (2) application points toward admission. A new Application for Admission must be completed and the degree plan must be updated.

**General Helpful Admission Criteria for the Galveston College Transition Associate Degree Nursing Program**

- Applicants may improve their ranking by
  - 1) Repeating one or more of the prerequisites or general education courses to earn a higher GPA. The last grade earned will be the grade of record.
  - 2) Completing all recommended general education courses
- Courses may be repeated for the purpose of raising the GPA **only if the original grade was a “C” or higher.** The decision to repeat a successfully completed course (a course that was completed with a “C” or better) in order to improve an applicant’s competitiveness in the ranking process is solely the decision of the applicant.
- Students are encouraged to complete the general education courses included in the nursing curriculum prior to entrance into the Transition

Associate Degree Nursing program, especially if the student plans to work while enrolled or has significant family responsibilities.

### **Substitute Course Evaluations**

Students desiring substitution of coursework for listed prerequisite or general education courses must present the following materials to the Nursing Department:

- Official transcript of course(s)
- Photocopy of course description from that college's catalog

The Director of Nursing usually completes the substitute course evaluation within 7 – 10 days of the request. If approved, a substitution form will be completed for inclusion in the student's file.

### **Five-Year Time Limit**

All math and science coursework (Anatomy and Physiology I and II, Microbiology, Chemistry and Math 0303 or higher) must be completed less than five (5) years prior to acceptance into the nursing program. If an individual has current experience utilizing their related science knowledge or has completed advanced courses in a related area, the student may petition for a waiver of the time limit through the Nursing Department Office. As part of the petition, the student must present the following materials:

- Official transcript of course(s)
- Photocopy of course description from that college's catalog
- Letter from the student indicating their specific situation
- Letter from the student's supervisor with their duties identified

The Director of Nursing usually completes the transfer course or experience evaluation within 7-10 days of the request. If approved, a substitution/waiver form will be completed for inclusion in the student's file.

### **Procedure after Admission**

Applicants chosen for admission will:

- Be informed by mail of acceptance into the program.
- Attend a mandatory departmental orientation for new students. All entering students will be notified by mail of the scheduled orientation session.
- Submit a personal health history form furnished by the UTMB Student Wellness Center. Required immunizations may be obtained from a private physician, clinic, or HMO, at the student's expense. Immunizations are available from the UTMB Student Wellness Center at a reduced cost. A physician must document health situations, such as pregnancy or allergies, which may prohibit the use of the Hepatitis B vaccine, and the student must sign a waiver. All three (3) Hepatitis injections and titer level must be administered prior to the start of the summer session.
- Be certified in Cardiopulmonary Resuscitation (CPR) at the "Healthcare Provider" level as designated by the American Heart Association. A copy of a current CPR card must be submitted to the student's instructor on the first day of class. CPR

classes are available through the Galveston College Continuing Education Department, American Heart Association or community hospitals.

- Submit to an unannounced, random drug screening.

### **General Helpful Information**

- 1) The Transition Associate Degree Nursing program can be completed in 1 year. Each semester involves 16-20 hours per week of class, college laboratory and clinical experience with an additional 2-3 hours of study and preparation time for each hour of class and clinical experience. Students should be aware that the high demand on their time will not allow for full-time employment while enrolled in the nursing program. Students should expect clinical experiences in area hospitals to involve daytime, evening and weekend hours.
- 2) Students must be physically able to meet the technical demands of the program, which include lifting an adult patient, moving, bathing and transferring patients into and out of bed. Students will be standing on their feet for at least eight hours each clinical day. Students must be able to read fine print for medication administration purposes and be able to hear heart and breath sounds. Manual dexterity is required for skills such as starting IV's and administering injections. In the event that a student has a medical condition that may compromise their ability to care for patients, a medical release from their physician may be required. Students may be exposed to communicable diseases.
- 3) Students must comply with class and clinical attendance requirements according to the nursing student handbook, which is published each year. Students who are absent from clinical for physical or mental illness, surgery or pregnancy reasons must present a written release from their physician before being allowed to return to the clinical setting.

**Program guidelines are subject to change.**

Galveston College is an Equal Opportunity/Affirmative Action College in Education and Employment. It is the policy of Galveston College to provide equal opportunities without regard to age, race, color, religion, national origin, sex, disability or veteran status.
