Galveston College exists to serve these purposes as they relate first to the local service areas, then to the State of Texas, and finally, to the nation. Further, Galveston College accepts the challenge of providing the resources, curricula, instructional support, and personnel required to best serve the many educational needs of its students.

## Philosophy

The faculty, staff, Board of Regents, and administrators at Galveston College are committed to the concept that our College be an open door to learning. With this goal in mind, we extend an educational opportunity to students of all ages who can profit from instruction. Every effort is made to provide equal access to the educational opportunities offered at Galveston College without regard to age, race, color, religion, national origin, gender, disability, genetic information, or veteran status.

In keeping with this philosophy, Galveston College recognizes and accepts the responsibility for providing curricula for university-bound students, for students seeking career opportunities in a variety of occupations, and for persons of the community seeking cultural enrichment, short-term skill training, or personal improvement opportunities. The College will seek to achieve these goals within the limits of its legal responsibilities and available fiscal resources.

## Values

The Board of Regents has developed a list of six values that are an integral part of the College Mission and Vision. The values reinforce the Board's desire to provide ethical leadership and are used in making decisions undertaken by the college community as the Mission is operationalized. From the development

## History

---

In fall 2022, Galveston College entered its 56<sup>th</sup> year of service to the Galveston region, providing affordable higher education and career training since opening its doors in September of 1967. From its beginnings, in the former Saint Mary's Orphanage at 4015 Avenue Q on Galveston Island, Galveston College has blossomed into a dynamic community college covering two locations.

### Early Days

As early as 1934, there was local interest in developing a junior/community college in Galveston. After several false starts, the Galveston Chamber of Commerce, in 1964, put money and people behind a college movement. In September of 1966, the Galveston Junior College District Board of Regents held its first meeting after being appointed by the Board of Trustees of the Galveston Independent School District. In December of 1966, a local maintenance tax of up to 27 cents per \$100 property valuation was approved by the majority of voters within the junior college district.

In May of 1967, with the help of a \$340,000 grant from the Moody Foundation, the original Board of Regents of the Galveston Community College District purchased St. Mary's Orphanage from the Galveston-Houston Catholic Diocese. On September 18, 1967, Galveston College opened its doors to 703 students. Galveston College occupied Moody Hall, the refurbished orphanage, as its only campus facility. The initial academic offerings were broad in scope, while the vocational programs were minimal but with strong offerings in nursing, office occupations, engineering/drafting and law enforcement.

### Campus Growth

In June of 1972, with the help of a \$1 million Moody Foundation grant, Galveston College opened its second facility, the Mary Moody Northen Vocational Center. This facility brought more faculty offices and vocational labs to Galveston College students. In December of 1973, Galveston College acquired a 5.2-acre site with a structure at the former Fort Crockett hospital/armory. Within a year, this property, known as the Fort Crockett Campus, offered nursing classes, art classes and a theatre.

In 1981, Galveston College grew to occupy the second floor of the Shearn Moody Plaza and, in September of 1982, the Eudine Meadows Cheney Student Center opened. In 1990, Galveston College opened Regents Hall and completed renovation of Moody Hall. A new Fine Arts Center and the Sarah Hermes

Fitness Center and Gym opened in 1996. Full relocation of the arts gallery and arts program occurred in 2007 with the sale of the Fort Crockett Campus. In 2010, the college opened the Abe and Annie Seibel Foundation wing of the Cheney Student Center, with a generous gift of \$1.5 million from the Seibel Foundation.

### **Galveston College: Today and Tomorrow**

Galveston College offers degrees and technical certificates, as well as continuing education for professional and personal development and customized training for business and industry. Offerings include academic-transfer programs for students who plan to pursue bachelor's degrees and workforce programs for many of the area's most in-demand careers.

Since the beginning, at Galveston College, students have been the priority. A special program of the Galveston College Foundation called Universal Access, which has received national and statewide attention, gives tuition assistance to every high school, home-schooled and GED graduate who lives in Galveston. The Galveston College Foundation also awards more than \$90,000 in other scholarships annually to students.

The Charlie Thomas Family Applied Technology Center, located at 7626 Broadway Boulevard in Galveston, opened in 2013. Technical education programs in Cosmetology, Welding, Heating Ventilation, Air Conditioning and Refrigeration, Electronics and Electrical Technology, Pipefitting, Instrumentation Technology and Medical Administration are offered at this location.

In 2017, the College's board of regents took historic votes, creating the opportunity for Galveston College to pursue the offering of bachelor's degree programs. Galveston College launched its first bachelor's degree, a Bachelor of Applied Science in Healthcare Management, in fall 2019. A second bachelor's degree, a Bachelor of Science in Nursing, was launched in fall 2022.

The Abe and Annie Seibel Foundation Student Residences, the College's newest student housing complex located at the corner of 39th Street and Avenue R, opened in fall 2020. Comprised of seven units designed to resemble the historical homes of Galveston, the complex houses approximately 80 students.

When coupled with existing campus housing, Galveston College is now able to serve approximately 120 students with residence life opportunities. The new student residences were funded with the generous support of the Abe and Annie Seibel Foundation.

On August 22, 2024, the College hosted a dedication ceremony for its new Health Sciences Education Center. The state-of-the-art, three-story 64,000-square-foot facility stands as a beacon of innovation and opportunity featuring collaborative classroom and simulation lab environments to support nursing and health sciences technical education on the Galveston College campus. The Health Sciences Education Center will help meet the increasing demand for healthcare professionals in the workforce and shape the future of healthcare education in Galveston and the surrounding region.

# Enrollment

## Fall Enrollment Trends

Fall headcount represents an unduplicated count of all students who are enrolled in credit courses at Galveston College as of census day in the fall semester. For these purposes, enrollment does not include flex-entry students. Full-time equivalency (FTE) is the conversion of the number of all students enrolled full-time and part-time into an equivalent number of full-time students. To calculate FTE for fall, the total number of semester credit hours is divided by 15. Contact hours and semester credit hours include both funded and unfunded hours.

### Trend in Fall Headcount, FTE, Contact Hours, and Semester Credit Hours

# Annual Enrollment Trends

Annual headcount represents a duplicated count of all students who are enrolled in credit courses at Galveston College as of census day in the fall, spring, and/or summer semesters. Full-Time Equivalency (FTE) is the conversion of the number of all students enrolled full-time and part-time into an equivalent number of full-time students. To calculate annual FTE, the total number of semester credit hours for the academic year is divided by 30. Contact hours and semester credit hours include both funded and unfunded hours.
