INSTRUCTIONAL AGREEMENT

Galveston College (herein as the "College") and Odyssey Academy, a Texas public charter district (referred to herein as the "School"), enter into the following Instructional Agreement, evidenced by the following, for the Academic Year **2025-2026**.

I. PURPOSE

Galveston College and Odyssey Academy support and believe in a partnership that will provide opportunities for qualified high school students to participate in early admission classes, to participate in dual credit classes, academic and workforce, all of which may allow the high school student to receive both high school and college-level credit for successfully completing college-level courses. Therefore, Galveston College agrees to provide college-level instruction for Odyssey Academy. Further, the College and Odyssey Academy agree that it is the responsibility of the College to grant college credit, and it is the responsibility of Odyssey Academy to grant high school credit.

II. DUAL CREDIT PROGRAM GOALS

According to Texas HB 1638, Galveston College has established four overall goals that guide every facet of the Dual Credit program:

Goal 1: In conjunction with partner independent schools and institutions, Galveston College will utilize meaningful and relevant outreach strategies to ensure that students and parents are given information regarding all aspects of the Dual Credit program, including benefits of participation, enrollment and financial policies.

Goal 2: The Dual Credit program will facilitate effective and collaborative procedures that ensure students successfully transition to post-secondary education as well as accelerate through degree programs for maximum student success and achievement.

Goal 3: Every Dual Credit student will receive and have continual access to advising in academic and college readiness domains as well as support services that will help in the successful completion of post-secondary courses.

Goal 4: Dual Credit courses offered will be of the highest academic quality and offer a rigorous post-secondary curriculum that will be sufficient enough to ensure student success in all other post-secondary courses taken.

4. It is the responsibility of the high school to certify to the College that these requirements have been met, and it is the responsibility of the College to verify that classes are taught in compliance with this section.
