

INSTRUCTIONS:

Complete this form and submit to the Admissions Office to be considered for residency reclassification. All supporting documentation must be submitted with this form before a determination can be made.

The Admissions Office does not automatically change a student's residency status. It is the student's responsibility to notify the Admissions Office of any change in residency status. The student must provide appropriate proof to warrant a change in residency status.

All residency reclassification requests must be received by Admissions before the census date of the semester in which the student requests the residency status change. Reclassification requests received after the census date will be applied to the next term. Tuition adjustments are never made for previous terms.

Respond to all relevant questions. Failure to respond fully will delay determination of residency status. Students seeking to pay resident tuition via an approved tuition waiver should visit with the Admissions Office for appropriate documentation and paperwork.

This form is for residency reclassification of US citizens only; non-US citizens should visit with the Admissions Office to determine appropriate documentation to establish residency and/or pay resident tuition.

RESIDENCY INFORMATION:

Texas Administrative Code, Title 19, Part 1, Chapter 21, Subchapter B, contains rules and regulations regarding determination of student residency. Additionally, students may visit www.collegeforalltexas.com to view residency information, including tuition exemptions and waivers.

Residency is determined at the time of application to Galveston College. It is the student's responsibility to notify the Admissions Office of any changes in residency and to request a reclassification of resident status.
